

## Frazier Park

In the area of Frazier's Park &  
formerly Billy Ferguson's  $\frac{1}{2}$  way house  
the road in the 1970-80 era was  
quite low ~~on~~ that strait stretch and  
in the spring at the time of high run-  
off <sup>water in Provo River</sup> the road would be flooded 8" to  
12" deep. It was frightening as Dad  
would drive our old ~~small~~ model T Ford  
thru it on way up to Heber
